Upholstered bed

LOS NEO

The LOS NEO upholstered bed is ideally suited to modern, minimalist bedrooms. A simple headrest and delicate geometric stitching create an effective, timeless pattern.

We produce this model in two versions:

ROUND - with a low 11 cm upholstered frame, which becomes slightly rounded thanks to the use of foam profiles. In this model, there is a stable plywood frame with a set of two double, strong, springy slats. 20 cm high solid wood legs are additionally suitable the effect of slenderness and elegance.

STORAGE - with a high 29 cm upholstered frame with slightly rounded foam profiles. This model is characterized by a metal frame with springing slats, which, thanks to gas mechanisms, can be lifted together with the mattress without the slightest effort. There is plenty of storage space underneath. This model features low 5 cm solid wood legs in various colors.

A high mattress (up to 23 cm) with a 100% pocket spring in the amount of 450 pcs. The use of such springs ensures optimal air circulation and ventilation inside the entire mattress. These solutions extend the life of the mattress and improve its hygienic qualities.

All versions of upholstered beds are available in various color variants, thanks to which everyone will adjust the color of the fabric to the appearance of their bedroom
