Continental bed

KING GEORGE

The KING GEORGE bed with a headboard is an exceptionally simple form of a headboard with delicate stitching in the shape of equal rectangles. It is a perfect combination of modernity and elegance. This timeless, universal design is perfect for bedrooms of various styles.

This headrest may be available in the high-floor version or in the low version, attached to the box, the so-called "Levitating"

We offer this bed in classic version (FIXED) with large (NORMAL) or small (SLIM) chest - box and in the version with an electric mechanism (MOTION). Possibility to control the bed with a wireless remote control makes the KING GEORGE bed even more comfortable.

For couples with different requirements, there is an option to configure one part of the bed in a classic form and the other with the MOTION electric system. All versions of the continental bed are available in various color variants, so that everyone will adjust the color of the fabric to the appearance of their bedroom
